

Wisconsin's Self-Directed Supports Program

Notice: Startup Documents

The startup packet includes the Information for the Fiscal Intermediary sheet and Form 2678 from the Internal Revenue Service. Form 2678 allows the Financial Services Agency to file tax documents for IRIS Participants, which may include Form W-2 (employees) or Form 1099 (vendors).

All IRIS Participants must have these completed documents on file before the Financial Services Agency can process any payments.
